

Product Group – SoyPass
Health and Safety at Work Act 1974 COSHH Regulations 1988

APPEARANCE AND FORM	Dark yellow flaked meal.								
LEGISLATION	Complies with the Feeding Stuffs Regulations 2000 Agriculture act 1970.								
PACKAGING	Bulk, mini bulk or bags – either paper or plastic.								
TOXICITY	<table border="0"> <tr> <td>Ingestion</td> <td>Nil</td> </tr> <tr> <td>Skin Contact</td> <td>Nil</td> </tr> <tr> <td>Eye Contact</td> <td>Nil</td> </tr> <tr> <td>Inhalation</td> <td>May irritate respiratory membranes</td> </tr> </table>	Ingestion	Nil	Skin Contact	Nil	Eye Contact	Nil	Inhalation	May irritate respiratory membranes
Ingestion	Nil								
Skin Contact	Nil								
Eye Contact	Nil								
Inhalation	May irritate respiratory membranes								
CORROSION PROPERTIES	Non corrosive pH6								
FIRE RISK	Combustible when subjected to heat (auto ignition point = 600C)								
EXPLOSIVE RISK	When the dust is mixed with air it can form an explosive mixture. Adequate extraction must be provided in all areas where this is possible.								
HANDLING PROCEDURES	During handling, adequate extraction and ventilation must be provided. Smoking should be prohibited when handling this product.								
PROTECTIVE CLOTHING	Overalls, mask and safety glasses should also be worn when handling this product.								
STORAGE CONDITIONS	The product should be stored in a dry place at an ambient temperature.								
FIRST AID REQUIREMENTS	<table border="0"> <tr> <td>Eyes</td> <td>Irrigate with warm water, then flush eyes copious amounts of water, seek medical attention</td> </tr> <tr> <td>Skin</td> <td>Wash thoroughly and remove contaminated clothing, if irritation occurs seek medical attention.</td> </tr> <tr> <td>Inhalation</td> <td>Remove to fresh air, if breathing is difficult seek medical attention.</td> </tr> <tr> <td>Ingestion</td> <td>Give water to dilute and seek medical attention</td> </tr> </table>	Eyes	Irrigate with warm water, then flush eyes copious amounts of water, seek medical attention	Skin	Wash thoroughly and remove contaminated clothing, if irritation occurs seek medical attention.	Inhalation	Remove to fresh air, if breathing is difficult seek medical attention.	Ingestion	Give water to dilute and seek medical attention
Eyes	Irrigate with warm water, then flush eyes copious amounts of water, seek medical attention								
Skin	Wash thoroughly and remove contaminated clothing, if irritation occurs seek medical attention.								
Inhalation	Remove to fresh air, if breathing is difficult seek medical attention.								
Ingestion	Give water to dilute and seek medical attention								
THRESHOLD LIMITS	OSHA Delv = 15mg/m ³ for dust ACGIH Tlv = 15mg/m ³ for dust WEL 10mg/ m ³ (grain dust) 8 hours								
DISPOSAL OF SPILLAGE'S & WASTE	Mechanically collect and remove material and wash area with water if required, extreme care must be taken to prevent effluent and wash water entering surface water.
